The lecturers' passion, dedication and deep understanding of the material has beyond impressed me. Edge has inspired me to only strive for the best!

Thank you Russell for all the hard work, time and effort. I don't know what batteries you put in every morning but they must be super powerful! You are a really good lecturer and role model for all the candidates and we are lucky to have you as a lecturer. Looking forward to CFA Level III.

~ Level II Student

Edge have ample years of industry and tuition experience, and keep even the most boring and tedious topics relevant with practical examples. I would highly recommend their comprehensive and well-structured program to anyone registered for the CFA LI-III examinations in order to save time, energy, and keep stress levels under control.
