About us

We are EBSdotCOZA - Edge

We offer a combination of distance learning, interactive, and classroom tools designed to prepare students for their respective examinations.

By working closely with a variety of skilled facilitators, we are able to provide professional support, skills, and training for students completing various local and international qualifications.

All our offerings include either locally produced or internationally-acclaimed study material which has been developed to ensure that students have maximum control over their studies.

So what makes us different?

INTERESTING...

Unlike many traditional service providers, EBSdotCOZA - Edge sources only the very best facilitators with proven track records to facilitate your module tuition.

Simply put, if we do not have the right person for the job, we don't run it.

In fact, we try not to do anything that won't be of real benefit to you. Blending proven content, methods, and technology to give you the edge over your studies.

Adaptive and Personalised learning

Every semester we take time to reflect on our experiences, be they good or bad, and learn from them.

This constant growth gives us the opportunity to consistently give back to you, the students, and outperform many of the very best competitors in the market.

We eat, sleep and live education

With over 100 years of combined experience, our facilitators and admin staff pride themselves on being able to assist you with only the very best quality tuition, material, support, and guidance on your educational journey.

Why Study with EBSdotCOZA

At EBSdotCOZA, our facilitators have a proud record of getting top results for the past 25 years in private education. These include teaching the students that finished

- 1st in the CA(SA) ITC exam in June 2015, and
- 1 of the top 2 CA(SA) university students in SA for 10 consecutive years
- 3 of the top 10 UNISA CTA students in 2018 (No. 1, 2 & 6 respectively)
- 12 of the top 15 UNISA Undergraduate students for 10 consecutive years

WOW!

EBSdotCOZA is a top private education online tuition provider at your fingertips for the discerning business management, finance or accountancy student.

Why do approximately 1 in 53 people applying to university actually get a degree? Only 1 in 8 students applying to study at residential universities in Gauteng are accepted. Of these students who start a degree only 15% of the high achievers actually get a degree.

Do the math!!!!!!

Are you going to be the 1 in 53 learners who actually ends up getting a degree?

Why EBSdotCOZA?

With over 100 years of combined experience, our facilitators and admin staff pride themselves on being able to assist you with only the very best quality tuition, material, support and guidance on your educational journey.

1. Our students pass

The benchmark that EBSdotCOZA and its facilitators strive towards is that at least 8 out of every 10 of our students for which we offer tuition support will get a qualification or professional designation.

We specialise in tuition support towards accountancy, finance, investment, and business management qualifications and professional designations. This means we are more focused in our areas of expertise.

This enables EBSdotCOZA to consistently obtain an average of 80% or more pass rate for individual subjects each and every semester.

Over the past 20 years, EBSdotCOZA facilitators have produced outstanding results, lecturing 1 of the top 2 CA(SA) students in South Africa for 10 consecutive years. In June 2015, the top CA(SA) ITC student was an EBSdotCOZA student.

2. Private learning is different from public learning

Many universities have large first-year classes of hundreds of students being lectured at a time. EBSdotCOZA has smaller online interactive classes for full-time students; this allows individual attention to be given to students where needed, in an environment where lecturers are fully accessible to students.

Our part-time interactive classes are geared towards the needs of the working student; providing a combination of interactive lectures and prerecorded content tailored to suit your work schedules, budget and time constraints.

3. Affordable private education

With the current pandemic, the way of teaching has changed. With the growing uncertainty of future "lockdowns" and possible disruptions, EBSdotCOZA facilitated classes are completely online for the foreseeable future. This not only allows you access to our google classrooms from anywhere but also takes a huge chunk out of your tuition fees without compromising on quality.

4. Adaptive and Personalised learning

Every semester we take time to reflect on our experiences, be they good or bad, and learn from them.

This constant growth gives us the opportunity to consistently give back to you, the students, and outperform many of the very best competitors in the market.

5. Get excellent tuition support towards qualifications and professional designations

Our facilitators do not set University exams and operate independently of Universities.

This means, EBSdotCOZA facilitators do not know what is in the University exams.

They simply lecture the entire syllabus to our students. This results in a well-rounded learning experience in which our students are closely monitored to pick up problems. Problems need to be resolved before an exam to maintain our 80% pass rates which have been consistently achieved in the past.

The University fees are not included in the EBSdotCOZA tuition fees.

Our Support offering includes:

UNIVERSITY EXTRA LESSONS - Undergraduate and Postgraduate respectively

Learners may register for University aligned Tuition Support programme to give you the edge over your studies. The EBSdotCOZA undergraduate and CTA programmes are aligned with the UNISA syllabus and SAICA examinable pronouncements.

ICB

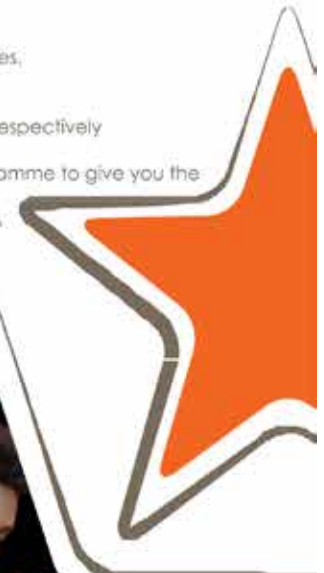

Learners may attend tuition support for the ICB programme at anytime during the year. New courses are continuously run.

CIMA

CIMA is an internationally recognised professional designation, recognised in over 150 countries around the world. CIMA intakes are in January and July

Professional designations

Once you have a degree or post graduate qualification we offer tuition support towards professional designations such as CGMA, CFA, CAIA, FRM, FDP and CA(SA) and their qualifying exams.

GOALS!

APPLICATION IS OPEN!

ACHIEVE YOUR QUALIFICATIONS QUICKLY
You only need to complete four subjects to get your first qualification.

Benefits of CIMA

High demand

Companies around the world, no matter what size, require the knowledge and services of management accountants. Chances are, in any industry you can think of, there'll be management accountants.

Opportunities

A career in management accounting offers a clear pathway to progress. Whether you have an existing finance qualification or are starting with CIMA Certificate in Business Accounting (Cert BA), it's possible to progress to membership with CIMA.

The CIMA qualification is designed to bring together management accounting, financial accounting and business, so you'll have the practical skills employers need. That way, you'll be qualified to work in a wide range of roles from finance to consultancy, IT to senior management positions.

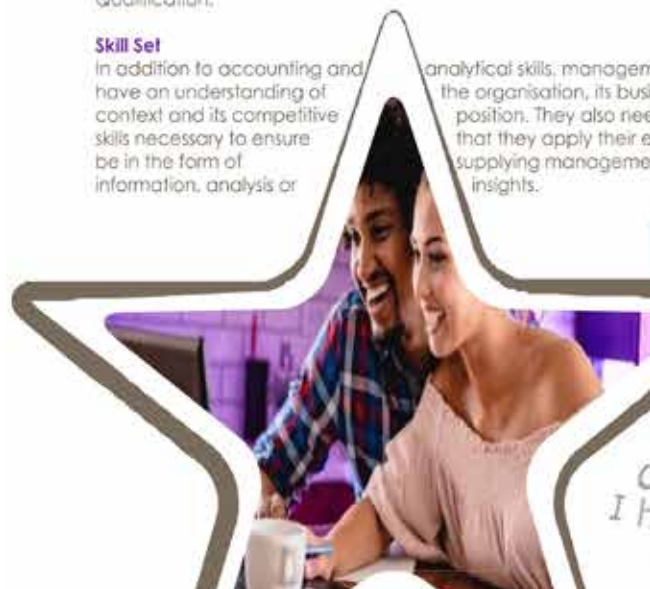

No need for a degree

You don't need a degree to start a successful career after school or college. Our entry-level qualification, the CIMA Cert BA will help you build your business and financial knowledge. It's a recognised qualification in its own right and a stepping stone to the Professional Qualification.

Skill Set

In addition to accounting and have an understanding of context and its competitive skills necessary to ensure be in the form of information, analysis or

analytical skills; management accountants must also the organisation, its business model, its strategic position. They also need the people and leadership that they apply their expertise effectively, whether it supplying management with accounts, insights.

The CIMA designation is globally acknowledged and holds international recognition in more than 150 countries. CIMA EBS enrolment periods occur in January and July.

Can't make it I have questions

Why Study CIMA

What is CIMA and why should I be looking to further my career with this qualification?

Do you want to be the go-to person in your job for all things finance? Progress in your career with the CIMA qualification. Become a chartered management accountant and work in businesses, lending your expertise in any industry you choose.

CIMA is the world's leading, and largest, professional body of management accountants. Our unique blend of management accounting, financial accounting and business-focused subjects produces competent and confident CGMAs who can lead their organisations to sustainable success.

If you're looking to develop your accountancy skills to lead finance departments or provide management accounting consultancy, CIMA is your ticket. CIMA is split into Certificate, a standalone "beginner" qualification, and Professional, which is split into three levels: Operational, Management, and Strategic.

No prior knowledge or qualifications are needed, if you have an accountancy or finance degree or are AAT qualified, you may be eligible to start studying CIMA at the Professional qualification. Otherwise, you must complete the Certificate in Business Accounting first. We provide training for all levels, and we offer dynamic study methods to suit your lifestyle and budget.

With an average undergraduate pass rate of 89% full-time online and 76% part-time online, it is clear that EBSdotCOZA - EDGE offers superior private education. EBSdotCOZA - EDGE has smaller classes, thus resulting in allowing individual attention to be given to students where needed in an environment where lecturers are fully accessible to students.

NB!!!

Why Online?

Embracing online education, whether on a full-time or part-time basis, offers a multitude of advantages. The flexibility of online learning allows students to tailor their study hours to accommodate personal and professional commitments. This adaptability not only fosters a more balanced lifestyle but also eliminates geographical constraints, enabling individuals to access education from anywhere in the world. Whether pursuing a full-time academic load or part-time courses, online study provides the convenience of self-paced learning, catering to diverse schedules and learning preferences. Additionally, the digital nature of online education often results in a wealth of multimedia resources, enhancing the overall learning experience and preparing students for success in an increasingly digital world.

Empowering modern students demands embracing contemporary techniques; adaptability and innovation are the keystones of effective education in today's dynamic world

ENTRY TO AN ICB QUALIFICATION IS EASY

The minimum requirement to enter for an ICB entry-level course is 18 years of age and a Grade 10 (Standard 8) or equivalent.

With these courses, you have a wide array of career opportunities in store

Maths?

You do not need maths to study bookkeeping. But if you have a keen interest and passion for numbers, it will make this course a lot more fun to study.

10 Reasons Why You Have to Choose Studying through the ICB EMPLOYERS PREFER TO APPOINT ICB QUALIFIED STUDENTS

YOU WILL HAVE ACCESS TO UP TO DATE INFORMATION

The ICB's qualification syllabi are continuously updated to incorporate current legislations and regulations.

YOU CAN ACHIEVE YOUR QUALIFICATIONS QUICKLY

You only need to complete four subjects to get your first qualification.

IT IS FLEXIBLE

You can study full-time or part-time, in a classroom or via distance learning which allows you to study at your own pace. You can also decide how many subjects you want to do at a time and when you want to do the final exam. The ICB also recognises prior learning and work experience, which means you could get credit for work already done.

IT IS RESULTS DRIVEN

Assessments are done twice per month (excluding January) by qualified registered assessors with results issues within 6 weeks of the assessment date.

IT IS EASILY ACCESSIBLE

The ICB also offers online exams, which makes it even easier to finish your studies.

IT IS INTERNATIONALLY RECOGNISED

The ICB's qualifications are recognised by international professional bodies for either memberships and/or exemptions;

- **ACCA** (Association of Chartered Certified Accountants UK)
- **CIMA** (Chartered Institute of Management Accountants UK)
- **IAB** (International Association of Bookkeepers UK)
- **IAAP** (International Association of Accounting Professionals UK)

IT IS A HIGH QUALITY LEARNING EXPERIENCE

Giving you the best chance of succeeding. You will get a portfolio of evidence which includes 3 assignments and 2 tests. There is also college tuition, textbooks, workbooks and study support.

IT IS LOCALLY ESSENTIAL

Qualifications meet the academic requirements for membership of recognised professional bodies:

- **SAIT** (South African Institute of Tax Practitioners)
- **SAIBA** (South African Institute of Business Accountants)
