# About us

Attend a top private institution with a culture of continuous success for over 25 years. Edge is a top private education institution with a safe, secure, state of the art campus for the discerning Accountancy, Finance, Investment and Business Management student. At Edge Business School, we believe that education changes lives. For this reason, Edge Business School has a teaching methodology second to none. Combining face-to-face and online learning programme that produces stellar results.

At Edge Business School, our lecturers have a proud record of getting top results for the past 25 years in private education with many of our students earning their placement in the 2018 ICB Top Achievers rankings

## Our campus

The Edge campus operates until 23:00 daily. This means your studies come first; rain or shine. Even in the event of power outages, we are equipped with a generator in a safe and secure environment with no student disruptions or unrest.

Face to Face lectures take place at our Sandton campus in Sandton City Office Towers.

We are an approved Google Classroom business school which allows us to harness the latest technology in facilitating teaching and learning.

Lecture rooms are comfortable, modern and fully computerised. Classes are recorded so students can revisit lectures as often as they like.

# Our students pass

With an average undergrad pass rate of 89% full time, 76% part time and 71% online, it is clear that Edge Business School offers superior private education.

We specialise in Accountancy, Finance, Investment and Business Management. This means we are more focused in our areas of expertise. This enables Edge to consistently obtain an average of 80% or more pass rate for individual subjects each and every semester

## Private learning at its best

Many universities have large first year classes, with hundreds of students being lectured at a time. Edge Business School has smaller classes allowing individual attention to be given to students where needed; in an environment where lecturers are fully accessible to students.

Edge Business School does not confer it's own qualifications. Therefore, students must be prepared thoroughly so that they may answer assignments and examinations.

No compromises. No spotting. No exceptions.

Private learning at its best!
