BLACK NOVEMBER SALE 2026

Special Offer Terms and Conditions

Offer period: 1–30 November 2026 (inclusive)

1. Offer period and eligibility

The Black November Sale applies only to eligible course or module orders completed through the EBSDOTCOZA (Pty) Ltd ("EBSDOTCOZA") student portal between 1 November 2026 and 30 November 2026, inclusive. Enquiries, incomplete orders and orders submitted outside this period do not qualify.

The offer applies only to courses or modules specifically included in the promotion. Before submitting an order, check the course/modules, price and payment option displayed on the student portal.

2. Option A — Pay in full and receive 10% off

- Students who pay the full eligible course or module fee upfront during the offer period receive a 10% discount on that eligible fee.
- The discount applies only to the eligible tuition/extra-lesson fee. It does not apply to external institution fees, prescribed textbooks, data, banking charges or other costs unless EBSDOTCOZA expressly confirms otherwise in writing.
- The full discounted amount must be paid using an upfront payment method offered for the order and by the stated due date.
- Students who choose to pay by instalments do not qualify for the 10% upfront-payment discount.

3. Option B — Pay by instalments over two additional months

- Students who choose the instalment option do not receive the 10% upfront-payment discount.
- Instead, eligible students may pay over a term extended by two additional monthly instalments compared with the standard payment term for the same registration.
- Payments under this promotional instalment option begin in November 2026. The first instalment is due in November 2026, with the remaining instalments due monthly according to the schedule issued for the order.
- The full course or module fee remains payable. The two additional instalments extend the time allowed for payment; they do not reduce the price.
- The exact number of instalments, instalment amounts and due dates will be shown on the student portal or in the payment schedule issued by EBSDOTCOZA. If you order after one or more instalment due dates, amounts already due may be payable when you register.

4. Repeat-student and return-student discounts

The Black November Sale discount cannot be combined with a repeat-student or return-student discount. Discounts may not be stacked. If a student qualifies for both the Black November offer and a repeat- or return-student discount, only the single discount that provides the greater monetary saving will be applied. The discounts will not be added together.

Initial .....

5. Cancellation and refunds

The existing EBSDOTCOZA cancellation and refund policy continues to apply to Black November Sale registrations. The promotion does not create a separate refund policy or additional refund entitlement. Refund eligibility, time limits, administration fees and banking charges will be determined under the policy applicable to the student's registration type.

5.1 Early access and the course start date

If a student requests and receives early access to course content before the published course commencement date, the date on which the student first accesses any course content will be treated as that student's course start date for calculating the cancellation and refund time limits. The calculation will not begin from the later published commencement date or from the date the student starts studying more actively.

If the student does not receive early access, the course commencement date published by EBSDOTCOZA will apply. EBSDOTCOZA may use its platform access records to establish the first-access date.

6. Acceptance and relationship to the general terms

By completing an eligible order through the EBSDOTCOZA student portal during the offer period, the student and/or account payer confirms that they have had the opportunity to read and understand these Black November Sale Terms and Conditions and accepts them. These terms supplement the general EBSDOTCOZA Terms and Conditions for 2027 registrations. The general terms continue to apply except where these sale terms expressly set out a different rule for this promotion.

Before submitting the order, the student/account payer must check the selected course or modules, displayed price, payment option and instalment schedule. Questions must be sent to info@ebs.co.za before the order is completed.

Paper registration (complete only if registering by paper)

Student full name: _____

Student signature: _____ Date: _____

Account payer full name (if different): _____

Account payer signature: _____ Date: _____

Parent/guardian signature (if student is under 18): _____ Date: _____
