CTA SEGMENTS (PARTS)

Our facilitator team has over 100 years of combined lecturing experience, lecturing some of the top passing graduates in various universities for well over 25 years. We know that no two students are alike. We know you have time constraints. We know that one size does not fit all and implementation of concepts and exam technique sometimes can be the difference between a pass and fail.

Simply put, it's about the experience of knowing.

After various student feedback sessions and requests, the EBSdotCOZA - Edge team is happy to announce that we are taking our tried and tested offering and revamping it to give our students even more of an edge over their CTA studies.

Our offerings have been re-engineered to give the maximum level of understanding and support, with a unique approach to suit the individual needs of each student.
